Subject: Protest Update #14

Minister, Clerk, DM,

Emerson – No significant change of situation overnight. Livestock, CBSA employees and emergency vehicles are being let through, all other traffic is being diverted to other Points of Entries. Protestors are meeting with their leadership at the protest site at 15:00. Division Liaison Team members are expecting to either be part of that meeting or meet with leadership directly after. DLT members are specially trained protest negotiators that the RCMP employ in these situations.

Winnipeg – Overnight, WPS negotiated the movement of the big rigs from the Broadway entrance to the Precinct and erected a temporary fence. At this point the trucks did not move across the street, but remained in the curb lane on Broadway. Protest leaders are aware and at this point accepting that Provincial construction fencing will be going up after the weekend. WPS has a heavy presence at the Precinct. Additional trucks and tractors have arrived in the area of Broadway and Memorial this morning. SIB is tracking calls from Chief Nepinak, Pine Creek First Nation for First Nations people to come to the counter-protest today. Also CUPW executives are advertising their attendance at the counter-protest and urging their membership to attend.

Airport – No change.

Other Protests – The RCMP have confirmed two moderate convoy style protests. One at Deacons Corner consists of approximately 60 vehicles including large farm tractors, a road grader and 2 tractor trailers. It is believed that this group will likely head into Winnipeg. The second protest consists of approximately 50 vehicles, mostly passenger vehicles that are conducting a “slow roll” around the Perimeter highway.

I will send out another update later this afternoon unless breaking news occurs.

Mike
